The charges for a burial plot and the internment of cremated remains are doubled for persons who lived outside the Parish of Settle. However, the Council is prepared to give special consideration to the waiver of the double charges in certain circumstances. Other charges remain unchanged.

These charges exclude the charge for the preparation of the grave. Prior approval by the Council and payment of the appropriate fee is required for the provision of a headstone and/or inscription. An application form is available from the Clerk to the Council for this purpose.

If the services of a Funeral Director are not required for the internment of cremated remains, the Council will arrange the preparation of the plot and associated charges will be incurred. (See above)

The charges exclude any charges for extras such as music (e.g. organist and choir), bells, flowers and special heating.

Arrangements should be made directly with the Minister or Civil celebrant if a service is required for an internment.
